

TALK TO TEACHERS

BY DR. ANGELL

Local Educators Given Some Splendid Advice by an Instructor of Long Experience.

Over five hundred teachers assembled at the Barrat hall yesterday morning and listened to a highly profitable and educational lecture by President Angell on the subject, "Reflex Influence of the Teacher's Profession."

By way of introduction at the beginning of his speech the doctor again repeated his admiration for Utah's sons at Ann Arbor, and declared that their conduct spoke well for their State and the homes from which they came.

"For more than thirty years, during which time I have been associated with Michigan, I do not recall one case in which we have been willing to concede or rebuke young men from this State." After commenting briefly on the advantages and disadvantages which result from the study or practice of law, medicine or divinity, President Angell said: "Happy or unhappy influences or results come from our profession and we are a living epitome so exposed as to be read by all those with whom we associate."

President Angell then went on to enumerate six disadvantages resulting from the teacher's profession. "If a teacher instructs in only one branch he is inclined to teach that branch, and in many, he is inclined to become a dabbler or a surface worker. If I were employing a teacher I would not ask what he knows so much as, 'Can he grow?'"

"Many old teachers are often less valuable than newer ones. They may know their subject better and be more accurate disciplinarians but they fail to enthuse their pupils. They make every day a repetition of the day before. They are brighter and brighter the day before. Again, teachers are always dealing with their inferiors and because of this they are in danger of over-estimating their own ability. They are often contented. Unlike the lawyer, they do not have to guard their statements of fact because there is no opposing lawyer or keen judge present to question their accuracy, but despite these facts let us preserve our modesty."

Teachers ought to avoid wearing an exaggerated professional air—a school marmish air. It is one thing to be proud of a profession and another thing to make a show of it. Teachers often become despondent of their pupils, but they should remember that the boys and girls of today are just as good as ever. The fact is, they are generally with the teacher and ought to be so.

"Teachers are inclined to become recalcitrant and very often to take a proper interest in public affairs. Teachers should be able to make a proper pupil for it."

"These are the six disadvantages to the profession, but it has great and inspiring objects. It is a work in the main mind and soul—the crowning glory of the creation. The future of the land is largely to be determined by us and it ought to stimulate us to the highest self-development. Hence, we ought to continually enlarge our knowledge and never let us feel that we are over our work."

"There is variety and novelty in teaching for the same subjects different and the teacher should be continually changing her methods. Don't make the school a machine where every child is dealt with the same."

"If in school work there is danger of becoming conceited, there is also reason for becoming modest as one's knowledge and experience expands. And let me say with emphasis, when a teacher stops learning it is time to stop teaching."

Teaching cultivates patience, virtue and a warm living sympathy. It keeps the teacher young and a genuine teacher never can grow old. Teachers must always guard their conduct and this is the explanation of the good character of teachers as a class. How rarely do their names appear in the newspaper."

President Angell concluded his speech by lauding the nobility and responsibility attached to the teachers' profession. "Be proud of your calling, but don't use it as a refuge from station until some other calling accidentally attracts your attention."

Superintendent D. H. Christensen presided at the meeting, and in a neat speech introduced President Oscar W. Moyle of the Board of Education, who is a graduate of Michigan. President Moyle paid a glowing tribute to President Angell and introduced him to the teachers. Arthur Shepherd, Willard Welch and Agatha Berkel delighted the audience with their sweet music.

TIME-WORN BRIDGES AND BUILDINGS FALL

Several Land Mark Structures in the Oregon Metropolis Collapse From Old Age.

PORTLAND, Or., March 19.—An immense wooden trestle bridge crossing what is known as Sullivan's gulch in East Portland, collapsed at noon today from sheer decay. The bridge, which was over 300 feet long and nearly a hundred feet high, was condemned to team traffic a year ago, but has been used by pedestrians continuously. Two women had just crossed over the structure when the collapse came.

The Chapman street bridge, which partially collapsed last night as the result of the undermining influences of the flood waters from a collapsed sewer, is in danger of complete wreckage today.

The old exposition building, an immense structure 400 feet long and 200 feet wide, is in a precarious condition. It has settled in some places and the fear is entertained that unless the collapsed sewer is speedily repaired the building will become a ruin. The engineers have been trying to repair the broken sewer for ten days past, but the exact location of the break cannot be located.

A car barn, containing twelve street cars, situated just west of the exposition building, collapsed last evening and is a complete wreck. No one was seriously hurt in the wreck, though there were several narrow escapes.

Work of the Women's Clubs...

G. F. W. C. Notes.

Circulars have been received by the clubwomen of Utah during the past week regarding the headquarters of the General Federation for the biennial convention to be held at St. Louis in May. The headquarters of the federation will be at the Jefferson hotel, and the meetings are to be held at the Odessa, which is considered the most desirable hall for the purpose in St. Louis. The assembly hall is on the ground floor, with twelve exits into spacious alleys on both sides. It is 130 feet back from the street, and its ventilation and light could hardly be improved.

The stage is fifty feet in depth, seventy feet wide and forty feet high to top of proscenium arch and eighty feet to rigging loft. It is arranged for concert and lecture purposes and adapted and thoroughly equipped for all kinds of scenic performances and grand opera. On each side of the stage are waiting rooms, dressing rooms, toilet rooms, etc., and a stage entrance to school street. Above the boxes and around the entire hall is a gallery seating 645 people. The roof is sixty feet above the parquet floor and is spanned by eight steel trusses, so there are no columns in the hall anywhere, making every seat a desirable one. The decorations are in the Italian Renaissance style—a warm, rich red being used for the walls and ivory finish for the woodwork. The seats are upholstered with dark red velvet carpet, thus making the hall cheerful and attractive in spite of its size. Acoustically the Odessa is perfect, and has been pronounced by great artists who have sung all over this country and Europe, to be better in this respect than any other musical hall in the world.

Wasatch Literary Notes.

Mrs. R. G. McNeese entertained the Wasatch Literary club on Tuesday afternoon, March 15th. A most delightful programme was enjoyed by the members and guests present.

Mrs. Montgomery gave a resume of her travels in the showing pictures to illustrate points of interest visited.

Mrs. Sweeney gave a talk on Germany, in imagination taking her listeners for a day of pleasure in Bonn.

Daughters of Revolution.

On Thursday afternoon the regular monthly meeting of the Daughters of the Revolution was held in the Templeton building. An interesting programme was given, including a paper on "Alexander Hamilton," by Mrs. Mary A. Smith, a paper on the life of Aaron Burr, by Mrs. Sarah S. Smith, and reminiscences of the life of Aaron Burr, by Mrs. John D. Spencer. Mrs. Spencer also read a letter from Burr's daughter to her father during the latter's imprisonment. The next meeting of the society will be held on April 15th at the home of Mrs. T. G. Webber.

Woman's Club.

The Woman's club will hold an open meeting Tuesday, March 22nd, at 3 p. m. at the home of Mrs. R. Guthrie, 527 Third street.

All friends of the club are urged to be present. Dr. William Paden will give an address on Japanese character.

Dutch National Council.

The Dutch National Council of Women will hold its annual meeting at The Hague on April 6th. There will not be reports this year from affiliated societies, but the Dutch women will be taken up by the Congress on "Child-Protection," which is to be held under the auspices of the National Council.

More than sixty associations interested in this work, and including the most distinguished philanthropists of the country, have formed the committee on arrangements for this congress. On the first day, April 6th, the care of orphans and neglected children will be discussed by jurists and rescue workers; on April 7th the danger to children at school are to be considered by pedagogical and medical authorities, and on April 8th the civil consequences of children's leaving school and being put to work too early will be pointed out by labor-inspectors and speakers from trades unions. As usual, the Dutch National Council of Women extends a cordial invitation to members of National Councils in other countries, and will be glad to welcome them, especially those who understand the language.

Club Notes.

At the meeting of the Ladies' Literary club next Friday afternoon the judges in the short story contest will announce the names of the two best short stories which have been offered in the contest, after which the stories will be read by the writers. The musical part of the programme will be furnished by Prof. Welthe, who will give a violin solo, accompanied by Mr. Shepherd, and Willard Squires will sing a solo.

Tomorrow afternoon the regular meeting of the Home Protective League will be held at the home of Mrs. J. T. Harding, 67 Q street. Mrs. Charles G. Plummer will read a paper on "Eminent Women and Why They Were Eminent" at 3 o'clock.

Mrs. William R. Hutchinson, chairman of the educational committee of the Utah Federation of Women's clubs, is preparing a report to be submitted to the education committee of the General Federation of Women's clubs at the coming biennial meeting in May. The general committee is particularly interested in the work along the lines of domestic science that has been accomplished under the direction of the Utah Federation.

The Cleofan meets on Tuesday afternoon at the home of Mrs. Charles Wells on Second street. Mrs. Stanley Clawson will read a paper on "William Morris," and Mrs. Ada Cannon will read a paper on "Swainburne."

On Wednesday morning at 10 o'clock the regular meeting of the music section of the Ladies' Literary club will be held at the home of Mrs. James Hogle. A Beethoven programme will be given.

The house decoration section meets on Wednesday morning at 10:30 o'clock. A paper on "Spanish Architecture in America—the Missions of California," will be read by Mrs. Isaac Jennings.

Mrs. Cleason S. Kinney, president of the Utah Federation of Women's clubs, has, on invitation of Mrs. Denison, president of the General Federation, consented to act as a member of the credentials committee at the coming biennial meeting.

At the meeting of the Reviewers' club last Monday afternoon Rev. William

H. Fish, Jr., gave a very interesting account of "The Quest of the Holy Grail," which was given by him some months ago at Unity hall.

Mrs. Anna T. Hyde will entertain the daughters of the Utah Pioneers next Thursday afternoon at her home. On April 15th an anniversary meeting of the society will be held.

Alleged Dynamite Released.

LIVERPOOL, March 19.—Ivan Juchanovic, an Australian who reached Liverpool February 11th on the White Star line steamer Majestic, from New York, and who was arrested on the charge of being in possession of explosives with felonious intent, was today acquitted of felonious intent, but was fined \$50 for having dynamite concealed in his trunk.

Spring Tired?

Are You Weary and Run Down? Are You Sick and Depressed? Is Your Blood Thin and Poor?

from the long, cold winter? Do you take cold easily? Do you feel shivery? Utterly fagged out after little exertion? Is your complexion bad? Do you feel that life is not worth living? Nearly every one has some of these symptoms in spring, for winter, while apparently healthy, is thus time-sapping your strength. Your blood is clogged with disease poisons. By spring every one is in a more or less played-out condition, just right to catch typhoid and malaria. Not always sick, but tired, tired, TIRED, YAWNING, listless, and mentally, best describes it. This is especially true if you have had GRIP, pneumonia or other disease in common in winter. These are Nature's demands for a tonic, a stimulant, a reviver.

To carry you through the changeable, trying, disease-breeding weather of spring, and lay up energy and strength for next winter, you need

DUFFY'S PURE MALT WHISKEY

Tonic, Invigorator, Body-builder.

We receive thousands of written endorsements from grateful patients who have been cured of disease and built up by Duffy's Pure Malt Whiskey.

Mr. Alex. Ferguson, Vigorous at 115, Says, "Duffy's Pure Malt Whiskey Has Prolonged My Life."

"I am now going on my 115th year, and feel as strong as my youngest son, who is now past 35. I have worked hard all my life and am working yet. I get around my place to see that everything goes right. Some years ago I began taking DUFFY'S PURE MALT WHISKEY and I know it is the greatest medicine that has prolonged my life. Before taking DUFFY'S PURE MALT WHISKEY I did not sleep well and my digestion was poor. Now I have perfect rest at night. Every morning and evening I take it, and I always have a good appetite and perfect digestion. I expect to live many years yet. Duffy's is the greatest medicine ever made for old folks, and we always have and always intend to have a bottle of it in the house. It's the great spring tonic and invigorator."—ALEX. FERGUSON, Gilman, Ind.

Every testimonial is published in good faith and guaranteed.

DUFFY'S PURE MALT WHISKEY has been used for two generations. More used today than ever before. It is prescribed by over 2000 doctors and used in more than 200 hospitals whenever a gentle tonic and stimulant is required. It brings into action every vital function and enables one to get from food all the nourishment it contains. It purifies and enriches the blood; strengthens the circulation; improves the heart's action; steadies the nerves; hardens the muscles; clears the brain and carries health, strength and vigor to every part of the body.

DUFFY'S PURE MALT WHISKEY is exactly pure, absolutely pure and free from fuel oil. It is the only whiskey recognized by the Government as a medicine.

Drive out the spring cold or it will stay with you all summer and affect your lungs next winter. DUFFY'S cures colds, coughs, all diseases of throat and lungs, and all stomach troubles.

CAUTION—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure malt whiskey which contains medicinal, health-giving qualities. Duffy's Pure Malt Whiskey is sold in sealed bottles only; never in flask of bulk. Look for the trademark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken. Beware of refilled bottles.

Sold by all druggists and grocers, or direct, \$1.00 a bottle. Medical booklet free. Duffy's Pure Malt Whiskey Co., Rochester, New York.

HONEST TESTIMONY POINTS THE WAY.

Permanent Cures Count WE TREAT AND CURE Permanent Cures Count

C. Martinson, 422 W. 1st No. St. Salt Lake City, Utah.

Mr. Martinson says: I have lived in Salt Lake City twelve years and am pretty well known, and if I do say it myself, my word is never questioned. I want to say frankly and positively that Drs. Shores & Shores cured me of one of the worst cases of catarrh a man could have; in addition to which I had severe stomach trouble—and now that ONE YEAR HAS ELAPSED since my cure and I feel perfectly well, I feel sure my cure is PERMANENT, and I am glad to endorse Drs. Shores & Shores. I shall be pleased to give particulars to any one interested who will call on me. (Signed) "C. MARTINSON."

CATARRH—Deafness, Nose and Throat Troubles, Eye and Ear Diseases, Bronchial and Lung Troubles, Asthma, Stomach, Liver and Kidney Diseases, Bladder Troubles, Female Complaints, Chronic Diseases of Women and Children, Heart Disease, Nervous Diseases, Chorea, St. Vitus' Dance, Rickets, Spinal Trouble, Skin Diseases, Scabies and Rheumatism, Diseases of the Bowels, Piles, Fistula and Rectal Troubles, Gout (or Big Neck), Blood Diseases, Tape Worm, Hay Fever, Lost Manhood, Gonorrhea, Syphilis, Hysteria, Epilepsy, Insomnia, etc., and all curable Nervous and Chronic Diseases.

IN PRIVATE DISEASES OF MEN...

Drs. Shores & Shores stand alone as the specialists who believe in their treatment so much that they boldly say to men suffering with private troubles, "PAY YOUR FEE WHEN CURED." Contrast this honest plan with the "pay-it-all-cash" plan of the fraud and fakir. Did you ever hear of a fakir "refunding" a penny to a duped patient? Drs. Shores say keep your money in your pocket and pay our fee when cured.

REMEMBER

DRS. SHORES' SPECIAL OFFER TO CURE CATARRHAL DISEASES FOR THE LOW FEE OF \$3 A MONTH—ALL MEDICINES FREE—HOLD ON TO THOSE APPLYING DURING MARCH ONLY. Do not delay. Apply now. CONSULTATION FREE TO ALL.

Weak Men Pay When Cured.

Contracted Disorders.

Be sure your cure is thorough. Not one of our patients has ever had a relapse after being cured, and we cure in less time than the ordinary forms of treatment require.

Specific Blood Poison.

No dangerous minerals to drive the virus to the interior, but harmless, blood cleansing remedies that remove the last poison taint.

What "Weakness" Is and How We Cure It.

So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proven absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

Varicocele.

Absolutely painless treatment that cures completely. Investigate our method. It is the only thorough scientific treatment for this disease being employed.

Spermatorrhea.

Stricture, Piles, Skin and Kidney Diseases, Lost Manhood, Hydrocele, Seminal Weakness, etc., are also among the diseases we cure to stay cured.

J. H. Horr, West Jordan, Utah.

Mr. Horr says: "I suffered from what I considered the worst case of catarrh a man could possibly have. I could hardly smell kerosene. I could not tell one food from another by smell. I blew scabs out of my nose two inches long. I could hardly speak at times, had constant colds, with head stopped up, and generally felt sick and run down. I had about given up hope of a cure until I went to our Home Doctors, Drs. Shores & Shores.

"In a very few weeks I felt all right, all my old symptoms left me. My head got clear, and, to all outward appearances, I was cured. I spoke of this splendid work to my friends from time to time, but I wanted to see if the cure was permanent, so I waited now over fifteen months, and find no return of my trouble. But, on the contrary, I never felt better in my life. I have no trace of catarrh; I weigh more than I ever did; have good appetite; sleep well, and I feel like a perfectly sound and healthy man, and I have concluded there is no doubt about my cure being absolutely permanent and complete."

"ALWAYS AILING"

When the kidneys go wrong one is sick all the time—"always ailing." Many aches and pains make life a burden—headaches, sideaches and backaches, hip pains, back pains
